Disruptions of any kind will not be tolerated in class.

Cheating and plagiarism will not be tolerated. Anyone caught cheating or participating in plagiarism may receive a grade of zero for the assessment in question. Parents and administration will be contacted.

Students must be on time for class. They are expected to be in class at the bell. Students that miss 25% of the class will be marked absent. (10 min for 40 min class, 20 min for 80 min class)

No Bus Days: In the event of buses not running: I will run a drop-in Google Meet scheduled during regular class time. This will be time to ask questions, clarify concepts, work on assignments, have group discussions, etc. No new material will be covered but depending on the frequency of this situation, this could change.

Student Assessment:

Assessments are critical to guiding teaching and learning. Summative assessments are shared/returned with students to provide feedback on their learning. However, when a student does not complete an assessment, for security, that assessment can not be shared or returned to the other students. This delays the feedback to other students and creates inconsistencies in forwarding learning opportunities.

All assessments must be completed in a timely manner to support the learning for all students.

Assessments are a key piece of evidence in measuring student learning. Writing assessments are frequently permitted to be written outside of the classroom or without secure technology. With emerging technology for students to generate pieces of writing that are not their own for submission, we have devised simple procedures to ensure that students will be submitting their own work for assessment.

- All writing assessments will be written on secure exam accounts
- All writing assessments must be written under supervision
- Students will not have access to internet during writing sessions

Students found plagiarizing or submitting work generated with artificial intelligence can not be assessed and will follow our school policies.
